Ms. Regina Chichizola  
Klamath Siskiyou Wildlands Center  
84 Fourth Street  
Ashland, OR 97520

Dear Ms. Chichizola:

On January 27, 2003, you submitted a Freedom of Information Act (FOIA) request, designated as our log #03-018, in which you requested from the Bonneville Power Administration (BPA) a set of information related to the Telephone Flat and Fourmile Hill Geothermal projects, specifically:

1. Documentation on where the power generated for the above projects will be going,
2. Correspondence with Calpine Corporation,
3. Criteria for Green Energy certification for BPA projects, and
4. Correspondence with the Klamath and Modoc National Forests and the Bureau of Land Management in relation to these projects.

BPA is providing all documents responsive to the above request. In regard to Item 1, BPA attorney Tim Johnson explained to you on January 30, 2003, in a telephone conversation seeking clarification of your request, that the use of power from the geothermal power projects would be integrated into the Federal Columbia River Power System and sold as Federal power to its regional customers provided the projects are commercially operable and BPA actually purchases the output.

If dissatisfied with this determination, you may make an appeal within thirty (30) days of receipt of this letter to Director, Office of Hearings and Appeals, Department of Energy, 1000 Independence Avenue SW, Washington, D.C. 20585. Both the envelope and the letter must be clearly marked "Freedom of Information Act Appeal". For any further questions regarding this response, please contact me at 503-230-5110.

Sincerely,

A handwritten signature in cursive script that reads "Annie Eissler for".

Annie Eissler  
Freedom of Information Act Officer
